Solving a global problem

Governments and NGOs face ongoing challenges in teacher recruitment and retention-leading to a potential failure in achieving universal access targets and the related outcomes for learners, perpetuating the cycle of disadvantage. *Teacher Success Platform (TSP)* is an experienced and credible advisor with a track record of developing solutions to improve teacher quality in both developed and developing economies - we can work with you to develop solutions for your unique context and goals.

T-Attract

Teacher attraction solutions

T-Attract helps to ignite interest in teaching as a career and is sharable via cost-effective digital channels - 90% of users say that after using T-Attract, they were more interested in teaching as a career.

T-Insight

Teacher retention solution

Build the confidence and competence of your early career teachers, T-Insight courses build competence and confidence across different career stages.

T-Screen

Applicant selection solutions

T-Screen reduces bias in selection and reliably identifies the candidates most suited to teaching at scale, enabling you to have confidence in making offers quickly and efficiently.

TSP

Continuously assess progress and confidence

Real-time performance assessment enables you to identify areas for further development and monitor progress.

- ✓ Ignite interest in teaching
- ✓ Reduce bias
- ✓ Develop competence
