

# Select and support your teachers to improve learner outcomes

Build classroom competence and confidence in a safe environment through engaging and authentic scenarios and access to detailed learning resources. TSP's scenario-based learning solutions develop professional behaviours and complement mentoring activities.

### T-Screen

#### Reduce bias and widen your selection pool

Receive immediate detailed analysis of candidate performance, enabling you to make time-sensitive offers with confidence

### T-Insight

#### Classroom preparedness

- ✓ Build confidence and competence in a range of areas including behaviour management, adaptive teaching and equality and inclusion.
- ✓ Realistic classroom scenarios customised to your context, strengthening decision-making and improving learner outcomes.
- ✓ On-going access to in-depth learning resources and references.

#### CPD Accredited Courses

Our courses meet CPD quality benchmarks for being well-designed and providing a clear learning framework and experience.

#### Continuously assess progress and confidence

Real-time performance assessment enables you to identify areas for further development and monitor progress.
