# Improve classroom preparedness with digital approximations of teaching

Teacher Success Platform (TSP) helps teacher education providers attract, identify and retain students with our online platform. Our solution provides programme leaders with **continuous assessment** insights on cohort, individual progress and confidence, enabling support to be provided when and where needed.
TSP solutions reduce bias in assessment and provide a safe environment for building classroom confidence.

T-Attract ➕

Ignite interest in teaching as a career
Share our context-rich realistic job preview on your digital channels, to engage prospective teacher trainees and build alignment with your organisation.

T-ITaP ⌁
Intensive Training and Practice

Intensive training and practice solution
Digital approximations of realistic classroom scenarios covering the foundational aspects of the core teacher training curriculum in England. T-ITaP provides 120 hours of learning content.

T-Screen 🔍

Reduce bias and widen your selection pool
Receive immediate detailed analysis of candidate performance. Access additional resources for your recruitment process.

T-Insight 💡

Classroom readiness solution
Build the confidence and competence of your trainees, before they enter the classroom.

TSP 📊

Continuously assess progress and confidence
Monitor progress and identify areas where more support is needed, when it is needed.

✅ Attract and select   ✅ Support and develop   ✅ Track and share progress
